Who we are:

The Technology Transfer Office is responsible for supporting the Executive Board in linking Técnico to Society, namely through the economic enhancement of the School's knowledge, being responsible for:

- Management and enhancement of Técnico's Intellectual Property;
- Dynamization of corporate relationships;
- Promotion of entrepreneurship at Técnico;
- Connection to the Alumni Community.

Interested in collaborating?

Innovation

We offer a set of services and activities for the promotion of Innovation and entrepreneurship at Técnico.

Contact us if:

- You want to clarify doubts about intellectual property;
- You want to communicate an invention or protect and enhance your intellectual property;
- You are considering taking part in an innovation program or creating a business initiative based on technology developed at Técnico.

Corporate Partnerships

We are responsible for streamlining and regulating relations between Técnico and companies.

Contact us if:

- It is necessary to regulate a relationship between a company and Técnico;
- You intend to supervise a dissertation in a business environment and the company does not accept Técnico's minutes of the agreement;
- You are contacted by a company interested in offering Merit Awards, Scholarships or funding a Company Named Chair.

Talents

We promote the employability of our students, establishing a link between companies and students.

Pass on to us:

- Students with questions about recruitment processes, internships or professional career preparation;
- Students looking for support for extracurricular activities (e.g. Student Organizations and Clubs);
- Companies interested in recruiting Técnico's students.

Alumni

We promote various initiatives and dynamism of the Técnico Alumni community.

We count on you:

- In the mission to maintain contact and bring former students back to the School;
- In promoting the Técnico Alumni platform, available at alumni.tecnico.pt or through the official application.

You will be contacted by TT@Técnico for:

- Sessions on Intellectual Property (e.g. IP Talks);
- Getting to know and participating in activities with external entities (e.g. company/university workshops);
- Innovation acceleration programs (e.g. Lab2Market@Técnico);
- Innovative ideas contests (e.g. TecInnov);
- Participating in Keep In Touch and other activities with Alumni;
- Potential involvement of companies in courses.
